Full job description

Your new company

A market leading technology company, known for their ability to create opportunities and discover new possibilities for communities we live in.

Your new role

You'll be supporting the automation infrastructure, working closely with the project team and BAU demonstrating high end technical ability whilst adhering to contracted time frames and service level agreements. You will also be identifying areas of improvement, alongside being the lead for any queries related to automation.

What you'll need to succeed

- 5 Years+ experience as an automation specialist (Windows, Linux and public cloud appliances)
- Certifications matching your standing as an automation lead
- Strong customer focused mindset
- Australian Citizenship (also preferably baseline/NV1 clearance)

What you'll get in return

- Excellent salary
- Career development opportunities
- Association with a top technology brand

What you need to do now
